**Momentum** – You gain momentum by hitting an enemy with an attack. You lose momentum when you are hit by an attack. Unless otherwise listed, you can use momentum without losing it

**Trap Sense** - If your skill check involving a trap is a natural even failure, you can re roll the skill check. If the trap's attack roll against the rogue is natural odd roll, you can force the trap to re roll the attack once.

**Thievery** – You have the Thief background at its full possible bonus of +5, without having to spend your normal background points on it.

**Adventurer Feat:** You gain the Thief's Strike ability.

**Swashbuckle** – Once per battle as a quick action, you can spend your momentum to pull off a daring stunt the likes of which others could scarcely conceive. You'll probably want to make an attack as part of the stunt, but you'll need to roll normally for the attack.

**Smooth Talk** - Once per day, convince your GM with an amazing line of patter while you are using social skills to speak or interact with NPCs associated with a particular icon. If the GM is convinced by your patter, roll a normal save (11+). If you succeed, for the rest of the day you can function as if you have a 2-point positive relationship with the icon who seems to be in play. #### Close Quarters Spell

### Feather Fall

#### Close Quarters Spell

### Hold Portal

#### Close-Quarters Spell

**Target:** 1d4 nearby enemies in a group.

**Attack:** +6 vs MD

**Hit:** 2d8 psychic damage and if the target has 10hp or less, it is weakened (-4 defenses and attacks) until the end of your next turn.

**Cyclic Spell:** You may cast this spell again during this combat so long as the escalation die is even and you did not originally cast this spell when the escalation die was zero. After the battle, the spell is expended.

### Evasive

### Halfling

**Trigger:** An enemy makes a successful attack against you.

**Effect:** The target re rolls their attack roll with a -2 penalty.

### Counter-Spell

### High Arcana

#### Close-Quarters Spell

**Trigger:** A nearby creature you can see casts a spell.

**Target:** The nearby creature casting a spell.

**Attack:** +6 vs MD

**Hit:** The target's spell is canceled, and the caster loses the action they were using for the spell. If the spell had a limited use, that use is expended if your natural attack roll is even.

### Evocation

### Talent

#### Free Action

**Trigger:** When you cast a spell that targets Physical Defense, before rolling for the number of targets or making the spell's attack roll, you can expend your quick action to *evoke* the spell. Hit or miss, you'll max out the spell's damage dice. (A natural 1 on the attack roll still deals no damage. Actually, a 1 should probably damage you a bit.)
